Engage your Enterprise LFP Business Development Manager

Step 1: Collect the following insights about the customer:

- What types of images do you typically print in large format?
 - Line drawings
 - Maps (GIS images)
 - Rendered images
 - Posters and POP displays
- How many locations do you have with the requirement to print large format documents?
- How many large format printers do you currently have per location?
- If known, what large format printers do you currently use?
- Are you the person responsible for managing the large format printers? If not, who is?

Step 2: Contact your Enterprise LFP Business Development Manager with the above information

See table below.
