HP DesignJet T1700 Printer series

The most secure, empowering HP DesignJet printer for CAD/GIS workgroups

SECURE – Protect your work and your information

- Protect printers/data from unauthorised access with HP Secure Boot, whitelisting, encrypted hard disk, more.

- Protect documents, preserve confidentiality with authentication solutions like PIN printing, card readers.[1]

- Secure your printers with HP JetAdvantage Security Manager; manage your fleet remotely with HP Web Jetadmin.

- Control and optimise printing costs with accounting solutions – or with your reseller through HP Partner Link.

EFFICIENT – No more PC freezing up

- Adobe PDF drivers[2] free up your computer immediately after sending to print – even for the most complex files.

- No interruptions – dual-roll options reduce roll changes; two rolls double capacity, help switch paper types.[3]

- Handle complex files – powerful processing architecture[4], 128 GB memory[5], 500 GB HDD at 116 A1/D pgs/hr.

- Easily print project sets and PDF documents with HP Click printing software.

ACCURATE – Make better decisions with precise colours

- Get bright colour and bold image quality – even on plain papers – with HP Bright Office Inks.

- Reproduce transparencies, layers, colour palettes, and gradients with embedded Adobe PDF Print Engine.[2]

- Tuned profiles reproduce distinct shades of colour; colour/gray/photo black inks make soft colours, dark tones.

- Accurately display data – high-density printheads provide 2400 nozzles per inch, enabling 0.1% line accuracy.[6]

[1] Card reader functionality enabled through optional third-party solutions.

[2] Requires purchase of HP DesignJet T1700 PostScript® models or optional HP DesignJet PostScript/PDF Upgrade Kit. The Adobe PDF Print Engine (APPE) is Adobe's high speed, high fidelity print platform. Version 4 extends APPE's leading edge for print reproduction with new performance efficiencies and breakthrough rendering features. APPE 4 enables printers to increase workflow efficiency and capitalize on the profit potential of innovations in inkjet print technology. To learn more, visit http://www.adobe.com/products/pdfprintengine.

[3] Dual-roll printing is available on the HP DesignJet T1700dr 44-in Printer and HP DesignJet T1700dr 44-in PostScript® Printers.

[4] Refers exclusively to file processing capabilities for complex files, and does not refer to print speed.

[5] Based on 4 GB DDR3 RAM.

[6] ±0.1% of the specified vector length or ±0.2 mm (whichever greater) at 23°C (73°F), 50-60% relative humidity, on A0/E printing material in Best or Normal mode with HP Matte Film and HP Bright Office Inks.
